SUMMARY

Passionate MERN Stack Developer driven by a relentless pursuit of crafting high-quality, scalable web solutions. With an innate curiosity and 1 year of hands-on experience, I thrive in a dynamic, fast-paced environment. My strengths lie in my ability to efficiently utilize Express, Mongo DB, React and Node.js to create dynamic and responsive web applications..

EDUCATION

MERN STACK DEVELOPMENT BOOTCAMP

March 2023 - April 2024

DIRECTORATE OF HIGHER SECONDARY EDUCATION

commerce - April 2020 - March 2022

SKILLS

Proficient	• JavaScript • DSA • SQL • PostgreSQL • CSS • HTML • MongoDB • TypeScript
Libraries	• React Js • Socket.io • JWT • Redux • Firebase • Bootstrap • Yup
Frameworks	• Node Js • Express Js • Next Js • REST API • NGINX • Tailwind CSS
Tools/Platforms	• Git • Postman • Figma • Moon Modeler • Code Planner • Cloudinary

PROJECTS

Edu-tap E-Learnig platform . • REACT.JS • NODE.JS • MONGODB • EXPRESS.JS

- Designed and developed an e-learning platform using Node.js and React.js, with website styling done using Tailwind CSS .
- Designed intuitive interfaces for users, tutors, and administrators, ensuring seamless navigation
- Integrated chat, group chat, and video chat functionalities for real-time communication.
- Integration of Stripe payment for transactions.
- Incorporation of real-time commenting feature
